# THE PRACTICAL NURSERYMAN

and Horticultural Advertiser.

Vol. 8.

HUNTSVILLE, ALA., MARCH 15, 1900.

No. 3

TO NURSERYMEN, SEEDSMEN AND FLORISTS.

THE PRACTICAL NURSERYMAN  
—AND—  
HORTICULTURAL ADVERTISER.

W. F. HEIKES, Editor and Manager.

Issued monthly on the 15th. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of over 2,600 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be received one week before the day of publication. Orders for advertising amounting to less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent. The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

W. T. HOOD & CO.,  
Old Dominion Nurseries,

**SPHAGNUM MOSS.**

I am absolutely the only dealer in this vicinity who owns the swamp from which the moss is taken, and I personally superintend getting out the moss for my customers. I can therefore guarantee my moss to be of the very best quality and the bales to be of the largest size. Moss can be supplied in any quantity desired either in bulk, wired bales, or baled in burlap. Be sure to get my prices before placing your orders elsewhere.

# Heikes & Huntsville & Trees.

BULLETIN No. 3

## SURPLUS STOCK

—FROM—

**The Huntsville Wholesale Nurseries,  
HUNTSVILLE, ALABAMA.**

**Shipments From St. Louis and Philadelphia**

—AT—

## ONE DAY'S NOTICE.

**W**E have for the past twenty years offered in assorted lots at St. Louis in Spring such stock as we had in surplus. Herein is a schedule of what we now have in St. Louis for immediate shipment. The stock is exclusively of our own growing at Huntsville, Alabama, fresh dug this Spring, and packed in the best manner in moss, and warranted in fine condition. Everything is fine of the grade, with full fibrous roots, and not culled, as we adhere to a strict system of grading.

### **BELOW THE BLIZZARD LINE.**

Our nurseries are far enough south to escape the severe freezing weather. Everything is bright, green and fresh—sound to the tips. Nearly all the sorts offered are standard sorts, such as most nursery men can use in assortment with their own growing. Orders should be sent in as soon as possible, but the stock need not be shipped until wanted, as we are prepared to hold it in good condition. We have nothing for sale not offered on this list.

It will be noticed by some of our correspondents that we have refused orders the past season for several articles listed. Our fear of overselling and some countermands account for this. We ask attention to the small-sized trees offered for transplanting into nursery rows. All of the small trees, as well as the large ones, are very nicely rooted, and everything is young, smooth and bright.

We can refer to nurserymen who have bought of us in nearly every State and Territory. We can give satisfaction, and guarantee it for these shipments.

**TERMS.**—Cash with order, or 30 to 60 days from date of shipment to responsible prompt-paying parties. In box lots the price of boxes is included, but the price of boxes on orders filled from the Nurseries is extra. The cost of drayage will be charged in both cases.

For convenience in telegraphing a cipher is given. The cipher word stands for one box only in cases where there are more than one in the same assortment.

Address, **W. F. HEIKES, Manager,**

**Room 605 Burlington Building,**

ST. LOUIS, MO., March 15, 1900.

**ST. LOUIS, MO.**

# Heikes==Huntsville==Trees.

*Address: Room 605 Burlington Building, St. Louis, Mo.*

Mr. Heikes is now in St. Louis to give his personal attention to all matters connected with this business.

**Use the Nurserymen's Telegraphic Code in Telegraphing.** Any one not in possession of a copy will be supplied upon application.

## ASSORTED LOTS.

We offer the following assortments in box lots at low prices to insure quick sales, as we will not open or repack anything in St. Louis this Spring. The stock is of the same quality as that sent out by us heretofore. Each box contains an assortment as shown. In ordering one or more boxes, should the particular lots desired be sold, state what substitution will be allowed. The prices quoted include the cost of boxes and the freight from Huntsville to St. Louis—the drayage charges at St. Louis are to be paid by the purchaser. When the postoffice address and the railroad station differ, always give explicit marks for the boxes when ordering.

## PERFECT DORMANT CONDITION.

Our stock is all in perfect dormant condition and we are prepared to keep it so until the end of the season, as everything is now in cold storage.

## INSPECTOR'S CERTIFICATE.

Our card with Inspector's Certificate is placed on all boxes and packages. Any one ordering from a State where more than this is required should inform us in ample time to comply with the law. Should any one desire this card removed before shipping, it should be stated in the order.

## FREQUENT BULLETINS.

We will issue Bulletins from St. Louis weekly during March and April. Any one failing to receive them regularly will please write for copies.

## FREEZING WEATHER.

There is always more or less danger of trees being caught en route in freezing weather in Spring. We pack in such a manner that should the contents of the boxes freeze solid on the way to our customers, the trees will receive no injury if the frost is allowed time to come out before the trees are removed from the boxes. The trees should be taken from the boxes as soon as the frost is out, or should there be no frost in the boxes when received, the trees should be removed from the boxes immediately upon arrival. We practice in this respect what the experience of many years has taught us. If our customers will follow these rules and notify us of the condition of the trees at once when taken from the boxes we will guarantee good condition. Notice should be sent us by telegraph at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. The trees will be considered accepted if removed from the boxes in which they are packed.

## TERMS AND CONDITIONS.

For further terms and conditions concerning risk of transportation, claims etc., see our monthly price list in THE PRACTICAL NURSERYMAN.

## LINING OUT.

We offer the following for "Lining Out" in nursery rows, for which we will take notes bearing interest at the maximum legal rate, payable May 1st, 1901, on responsible, prompt-paying parties. The Japan Plums listed below are put in this list because of bad-shaped tops—every other way they are fine. We include in this list for "Lining Out" peaches, 7-16 to ½ and under sizes; plums, 7-16 to ½ and under sizes:

2 Boxes, each containing 300 Burbank ½ to 11-16	<i>Lobby</i>	10 00
1 Box containing 300 Burbank ¾ to 4 feet	<i>License</i>	9 00
1 Box containing 480 Plums, ¾ to 3 feet	<i>Lighten</i>	12 00
350 Burbank		
130 Wickson		

## BENTON HARBOR, MICH.

We offer the following from our Branch Nursery at Benton Harbor, Mich. These trees have nice young heads, straight bodies, and good roots, on Marianna. They caliper 1 to 1½ inches. Prices: 974 Abundance, 12c; 1059 Red June, 12c; 2423 Willards, 10c. Boxing extra. Will be sold in numbers to suit, not less than 100 trees.

## THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

### Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

**RATES.**—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred. Orders requiring 300 trees or more, and not less than 10 of a variety, will be filed at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

**SEASON.**—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

**SHIPPING DIRECTIONS.**—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

**RELEASE.**—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

**PACKAGES.**—The cost of package must be added to the prices quoted in this list, as follows:

Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

**PACKING.**—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

**ASSORTMENTS.**—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

**CAUTION.**—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

**TERMS.**—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible,

prompt-paying customers. Parties with whom we have had no business transactions will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

**FORMS OF PAYMENT.**—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent, to the amount of the bill for the cost of collection.

**GRADES.**—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

**GARANTEE OF GENUINENESS.**—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

**ACCEPTANCE.**—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.
